

DeafblindUK

Apps for people with hearing loss (2)

Sound Alerts

Free app with paid subscriptions. Available on the Apple App Store and Google Play store. Uses AI sound recognition to detect alarms, doorbells, etc. and alert the user through flashing notifications and vibrations.

BuzzCards

Free app available to download from the Apple App Store and Google Play store. Sorenson BuzzCards creates custom text cards for users to show during conversations.

AVA

Free app available to download from the Google Play store. AVA provides real-time speech-to-text captions with around 90% accuracy.
